TO: Physicians, Hospital Staff,
and all Therapists treating
Christie and Danny Downs

DATE: July 11, 1983

FROM: Susan Staffer

SUBJECT: Contact between Downs children and their mother

As you may know, Lane County Juvenile Court recently ordered that Mrs. Downs have no contact with her children. She has recently attempted to send a message and some gifts to one of the children through one of the professionals treating the child.

It is essential that all correspondence and gifts for these children be handled through Children's Services Division. If you are contacted by anyone and asked to deliver material to the children, please refuse and refer them to me. If Mrs. Downs, her family, or her attorney should appear at your office and you feel that there is a chance that they could encounter the child please phone me, or my supervisor, immediately.

If you have any reason for concern about either child please give me a call at 686-7557.
