

6/28/83

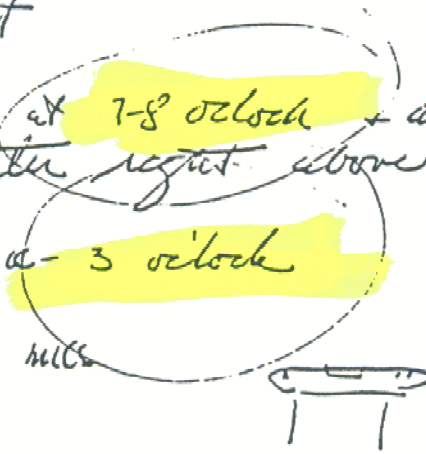

additional city + case exam

(E6A) - one fp dent

- one of mk at 7-8 o'clock + another - a bit higher right above it.

- one ext mark - 3 o'clock

- mag lip mks

(E6B) - one ext mark - 3 o'clock

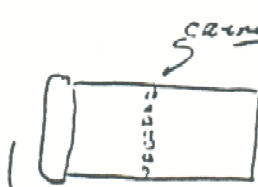

- one of mk - 7-8 o'clock

- mag lip marks

E-14A - no fp impressions

- one ext mark

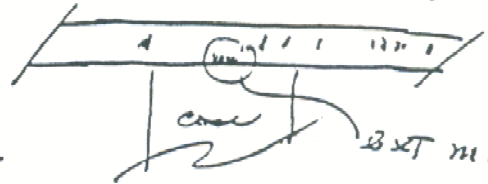

- no mks clearly visible as of mks. one or 2 small ones which may be.

careful in case

is seen as on all ev city cases

± 14B also.

Mks seen mag (clip) lip marks - entire rim displ

two of mks

mk

E-14B - no fp impressions

- one well def ext mark

- one fairly well def of mk close to ext mk + another in

correct rel. to ext mk - not so good + toward top of bullet away from base of
